Ancestors of Cornelius Kuykendall

Second Generation (Parents)

2. Leur Jacobsen Van Kuykendall [11], son of Jacob Leursen Van Kuykendall [3] and Styntie Douwes [4], was born on 29 May 1650 in Albany, New Amsterdam, New Netherlands, was christened
,,, died after1720 in Machackemeck, Orange County, New York, and was buried in,,,
General Notes: There is little room to doubt that Leur grew up fromearly youth in the Esopus County, (the region about Kingston), and, as he married there and lived there, it is most likely that his mother, after the death of his father, moved from Fort Orange to Rochester, (now Accord), soon after she was left a widow. At about the age of thirty, he married in the year 1680, at Kingston, the daughter of a Hollander who lived in Esopus. Leur and his wife continued to reside in the vicinity of Rochester, until about the year 1700. During this interval they had seven children, all of whom were baptized at Kingston. At the time of their removal, Leur, father of the family, wasa about fifty years old. He had lived in that vicinity for probably forty years We have here the beginning of the family Kuykendall on the western continent, now moving from Esopus, then one of the oldest and most thickly settled communities on the Hudson river, going to the Minisink country, then a far out frontier. Ouite likely the ferile soil, beaufiful country and fine hunti g and fishing opportunities had some influence in inducing the move.
In Minisink, Luur Jacobsen adopted a toponym - church records of 1706 list "Luur Jacobsen van Kuykendaal". Early Dutch Genealogist explained the name to mean "vankijk-in-t'dal", translated "from view of the valley" i.e.; From Wageningen over looking the Rhine valley. Adopting to toponym (place of origin) in America to supplement or replace their Dutch patronym (son of) was not uncommon. The surname is not found previously in Europe, but stricly of American origin.
After the marriage of Pieter's father to Grietje Tack, they settled near Kingston and lived there for about twenty years afterwards. They then moved over into the Minisink country to Machackemeck on the Delaware. That was about the year 1700, when Pieter was about two years. That region was at that time very far out in the frontier. Settlements were sparse and the people lived in primitive manner. At Esopus, where they had previously lived, by far the greater part of the people were Hollanders. Their language, suctoms and ways were decidedly Dutch. Nearly all the early settlers at Minisink, the neighbors of the Kuykendall family, had also come from the Dutch Settlement at Esopus, travelling along the line of the old mine road, which followed the earlier Indian trails. There was an indefinite period of several years of the beginning of the eighteenth century, of which we have but scant history of what was transpiring in the country of our forefathers. The dutch were a quiet, industrious people, very busy clearing up farms and making homes. They were so busy that they had little time for writing history. The lives of our forefathers in those times were not marked by many history-making events. When the Kuykendall family moved from their old home on the Hudson, near Kingston, the whole number of settlers there was very few. We do not know the exact loality of the home of Luur Jacobsen Van Kuykendaal, during the first years of the family's residence at Minisink. With a large family of healthy, vigorous children, with voracious appetites, used to living and working out in the open air, it probably kept thembusy and hustling to procure food and clothing.
